MR. GLADSTONE can still give points to younger and more vigorous men. When a cab knocked him down in Piccadilly he picked himself up in a hurry, ran after the driver, and held on to him until the police arrived. The Grand Old Man deserved a hearty cheer after this performance.

DR. OLIVER WENDELL HOLMES advises young men not to smoke. "It is liable to injure the sight," he says, "to render the nerves unsteady, to enfeeble the will, and to enslave the nature to an imperious habit likely to stand in the way of a duty to be performed."

AN effort is to be made in Iowa to strip the law of its nonsense. Lawyers declare that deeds, warrants and all other legal papers can be cut down one-half in the amount of whereases and wherefores.

SORT OF MIXED!

But it Seems Certain the Boston Boy Has Won the Fight—The Bulletins Received.

The interest centered in the Sullivan-Kilrain fight to-day and THE SENTINEL'S bulletins concerning the mill, which were posted in front of the office, were read by thousands. They commenced coming over our own wire at 8 a. m. and continued until late in the afternoon.

NEW ORLEANS, July 8.—The ground selected for the fight is Richburg, Miss. The men will enter the ring at 7 a. m. The place is one hundred and three miles from here. Owing to discourteous treatment by the management of the fight, the Western Union Telegraph company has abandoned its intention of giving special facilities for telegraphing from the battle field. The management has treated the press very shabbily and the leading papers and the press associations have been compelled to pay large prices for tickets.

Reports of the fight will have to be filed at New Orleans and will be considerably delayed in consequence. The Telegraph company made every effort to give the press and the sporting people good service, but the managers of the fight would not co-operate in the effort.

LEAVING FOR THE FIGHT.

Two excursion trains left the Queen and Crescent depot during the night for the battle ground selected for the fight. The first train left at 1 o'clock and the second shortly after 2. Both were crowded with holders of tickets for seats at the ring. Both trains were scheduled to reach Richburg by 5 a. m. The crowd about the depot was quiet and orderly.

GOVERNOR LOWRY'S ACTIONS.

JACKSON, Miss., July 8.—Governor Lowry last night telegraphed the sheriff of Nicholson, authorizing him to obstruct the railroad tracks if necessary, to prevent the prize fighters from coming into Mississippi to fight. It is thought that the instructions were too late to stop the train carrying Sullivan and Kilrain, but may interfere with ticket holders who are traveling on later trains.

RICHBURG, Miss., July 8.—The special trains arrived at the battleground without special incidents. Donnelly, the murderer, who escaped from New Orleans a year ago, was arrested on one of the trains by Chief Hennsey. Scores of persons rode on the trucks and on top of the cars and many were put off at the point of the pistol.

BULLETINS.

It seems certain that Sullivan has won the fight, but here are the bulletins and our readers can judge for themselves:

BALTIMORE, Md., July 8.—The *American's* special correspondent at Richburg telegraphs that Sullivan won the fight, knocking Kilrain out in the eighth round.

NEW YORK, July 8.—Private advices just received confirm the Baltimore *American's* special stating that Sullivan whipped Kilrain in eight rounds.

NEW ORLEANS, July 8.—The excursion with the fighters and their friends is expected back in this city about 11 o'clock.

ALBANY, N. Y., July 8.—The Western Union Telegraph company in this city have received a dispatch by way of Boston, confirming the report that Kilrain was knocked out in the eighth round. It was sent by a man who rode on horseback to the nearest telegraph station from the scene of the fight immediately after the battle.

BALTIMORE, Md., July 8.—It is now thought that the special to the *American* announcing Sullivan's victory was sent by New Orleans gamblers to influence betting.

CINCINNATI, O., July 8.—A private dispatch received here states that the sheriff has arrested the fighters in Mississippi and will not allow them to return to Louisiana.

RICHBURG, Miss., July 8.—The train arrived here at 5:30, a. m. Up to 9:30 the men had not entered the ring.

CINCINNATI, O., July 8.—It is reported here from a reliable source that Sullivan and Kilrain were fighting at 11:45 a. m. The contest was a long one and Sullivan was having the best of it, and that he was sure to win.

CINCINNATI, O., July 8.—The fight lasted from 10 a. m. till 1 p. m. Sullivan won the battle.

ST. PAUL, Minn., July 8.—The St. Paul *Minnesotian* has just issued a bulletin saying Kilrain won the fight. Sullivan men are holding the wire so that they can hedge on their bets.

NEW ORLEANS, July 8.—It is reported that Sullivan won in the seventy-second round. The fight ended at 1 p. m.

WASHINGTON, July 8.—A private dispatch dated 3 o'clock, from Richburg, received here at 5 p. m., says that the fight had just begun.

The account of the fight, as it will be given by the press correspondents on the scene, has been delayed for some reason and at the hour of going to press it had not been received at this office.

THE SENTINEL'S United Press representative is on the scene however, and if further particulars are received a second edition of the paper will be published.

THE NEWS AT BOSTON.

BOSTON, Mass., July 8.—Newspaper Row has been packed with humanity this forenoon and the interest in the bulletins from the prize ring has been much greater than that displayed on the night of the prohibition election and equal to that of many of the state elections.

When a bulletin giving the report that Sullivan had won was displayed from the bulletin board, the vast crowd swung their hats, jumped into the air and cheered. Sullivan's father, who appeared on the scene, was followed by a yelling crowd and cheered loudly. When he finally took a car for his home in the Highlands a crowd of men and boys followed him on a dog trot for some distance shouting and cheering.

LOCAL LINES.

There were no arrests to-day.

A large force went to work on the natural gas mains to-day.

Prof. Henry W. Diedrich, the newly appointed consul to Nuremburg, Germany, returned from the east Saturday night with his family. The professor will leave for Washington in a few days to receive final instructions. He expects to leave for Europe with his family in August.

Quite a crowd hovered about the Columbia street show window of Meyer Bro.'s to-day. Bulletins were posted frequently with these attractive headlines: "The Latest," supposed to be the latest from the Sullivan-Kilrain fight of course. It proved to be an advertising dodge for insect powder. The scheme was concocted by Mr. Chas. Freese.

AN INFANT DESERTED.

The Wife of a Fort Wayne Traveling Man Leaves Her Infant Under a Tree.

The Cincinnati *Enquirer* of to-day publishes the following:

RICHMOND, Ind., July 8.—About midnight Dr. Newton, a retired dentist, found a crying babe under a tree in his yard. It was well dressed, perfectly healthy and fat, and quite astonished the venerable doctor and his wife.

Sergeant Corrington, of the police force, was sent for and took the youngster to the Home of the Friendless. The child is a girl, and proves to have been delivered last Monday morning by Dr. Selburn at a private boarding house. The mother gave her name as Mrs. Russell Stanley, aged twenty-three, maiden name Austin. She said she was from Decatur, Ind., and her husband, a boyish-looking fellow, travels for a Fort Wayne firm.

The husband was not here when the babe was born, but showed up Tuesday. The parties disappeared last night, disposing of their offspring as above. The mother is a voluptuous and refined looking woman with auburn hair. She has been here six or eight weeks, and was visited off and on by the man in the case.

Buffalo Trotting.

Neither Sullivan nor Kilrain was seriously injured, but Kilrain was somewhat used up.

The fight lasted two hours and eighteen minutes.

WASHINGTON, July 8.—The president to-day made the following appointments: Probate judges in Utah territory: Daniel Page, of Utah, in Iron county; James McGarry, of Utah, in Bearen county; Isaac Burton, of Utah, in Unitah county; George C. Viele, of Utah, in Mellard county.

Civil Commissioners Lyman and Thompson leave for New York to-night, to remain several days. While there they will devote part of their time to the investigation of the custom house.

First Assistant Postmaster General Clarkson has returned to the city, after a trip in the yacht Restless on the lower Potomac.

The comptroller of the currency has authorized the Patterson National bank, of Patterson, N. J., to begin business with a capital of $200,000.

The attorney general has authorized John Wise Stone, attorney general for the state of Iowa, to bring suit on behalf of the United States to quiet title to the Des Moines lands.

THE CRONIN CASE.

A Movement Made to Hasten the Extradition of Burke.

CHICAGO, July 8.—Mr. Carlson, sr., left for Winnipeg yesterday, accompanied by Detective George Hoyt, of the Chicago Avenue station. They will arrive at their destination Tuesday morning. Mr. Carlson goes to Winnipeg to assist in the extradition of Martin Burke.

This move on the part of the police is said to indicate that the Canadian end of the Cronin case is weak. Martensen, the expressman has already appeared before Judge Bair and identified Martin Burke as the man who hired him to move the furniture from the Clark street rooms to the Carlson cottage. Carlson is wanted to identify Burke as one of the Williams brothers who rented the cottage and paid the rent. The police hope that this identification will materially assist the authorities in extraditing Burke.

Judge Longnecker has no fears in regard to Burke's extradition and says that he will be brought back to Chicago and hanged just as sure as he had a hand in the assassination of Dr. Cronin.

The judge, in speaking about the dispatches from Winnipeg to the effect that the Chicago legal end had been handled in a bungling manner, declares that more than enough evidence has been furnished the Canadian authorities, and he regards their action in requiring more verbal evidence as somewhat singular.

"The case should have been disposed of in two days," said the state's attorney to-day, "and all this red tape is something I don't understand. It has never on any previous occasion been required to have witnesses appear before the court in the dominion. Depositions have always covered the cases."

Attorneys for John F. Beggs this morning presented in Judge Tulley's court an amended petition on behalf of Mr. Beggs, the lawyer indicted for complicity in the murder of Dr. Cronin, asking that he be admitted to bail. A petition similar in all respects, except that it asked for Beggs' absolute release instead of his admission to bail, was presented on Saturday and was denied. Judge Tulley postponed hearing argument on the petition until to-morrow at 10 o'clock.

The engineer remained at his post and brought the train to this city, twenty-five miles, before giving up.

Colonel Wodehouse does not think the force under this command strong enough to justify another attack upon the Devishes, but he is following them with all his available troops in steamers. Meanwhile, he advises the collection of a strong force at Ossouan to co-operate with him.

Herbert A. Pearson Drowned in the Lake at Chicago Last Evening.

REDWOOD FALLS, Minn., July 8.—A fire here at 3 o'clock yesterday afternoon started in the livery barn of J. W. McGettrick and destroyed it and the Commercial hotel sample room and stable and Anderson's photograph gallery. CARTER & SON.

No. 29 Ottawa Street.

Fort Wayne Sentinel.

E. A. E. HAGENBY, Editor and Proprietor.

MONDAY, JULY 8, 1889.

THOMAS JEFFERSON said: "Were it left to me to decide whether we should have a government without newspapers or newspapers without a government, I should not hesitate a moment to prefer the latter." Mr. Jefferson was a discerning man, and knew what he was talking about.

MISS MARY WANNAMAKER, the postmaster-general's daughter, will make her debut in Washington society next fall. She is not yet out of her teens, but is an accomplished girl of considerable beauty. She has had the training of an excellent education and is skilled in music and languages.

THERE are some Waterloo men alive in England still. The most distinguished is the Earl of Albemarle, who was a subaltern at Waterloo, and is now hale and hearty at ninety. The queen sent him a bouquet of roses Waterloo day. The earl is the writer of a very interesting book, full of the recollections of a long and busy career.

ON the first of July an important change in the method of making payment on claims for reimbursement on account of the last sickness and burial of deceased pensioners went into effect. These claims will, as heretofore, be filed with the third auditor if in an army pension case, or with the fourth auditor if in a navy case, and the claims will be considered and the amount to be paid will be determined by said auditor. The settlements will then be forwarded by the commissioner of pensions to the pension agent, on whose rolls the deceased pensioner was paid, and the pension agent will thereupon draw his official check found due, and mail it to the address of the person who paid such expenses. Heretofore these settlements have been paid by draft direct from the treasury.

ASSISTANT SECRETARY OF THE INTERIOR BUSSEY has rendered a decision reversing the action of the pension office in rejecting the claim of Mary, mother of Stephen Nobbs, late private in company K, Twelfth Pennsylvania cavalry. His mother claims she was in part dependent upon the deceased son for support, because of the poor health of her husband. Mr. Bussey discusses the meaning of the phrase "adequate means of support" as applied to cases arising under the pension laws and says he believes that it was intended to mean a reasonably comfortable support. It is not believed, he says, that congress intended to provide a luxurious competence for any dependent relative of a deceased soldier, nor, on the other hand to restrict its benefactions to the bare necessities of life.

THERE will be a great deal said and printed about the four new states before long, and it will be interesting to many to know that the constitutions to be adopted by the conventions will be submitted to the approval of the people of the respective territories on the first Tuesday of October next, and on the same day state officers will be chosen, as well as representatives and senators in congress. Thereupon, the president having been notified that a majority of the people of each of the four territories have ratified the constitution presented to them, he will issue a proclamation formally announcing the admission of the new states to the federal union. To the next congress Washington, North Dakota, South Dakota, and Montana will together send eight senators and five representatives, two of the latter being furnished by South Dakota. The aggregate area of the added commonwealths is 400,000 square miles, which is larger than that of the thirteen original states, and their combined population is about 1,000,000 souls.

THE SULLIVAN-KILRAIN FIGHT.

THE SENTINEL to-day gives the full particulars of the Sullivan-Kilrain prize-fight, which took place at an early hour this morning in Mississippi. Sullivan was an easy winner, and after eight brutal rounds, was awarded the belt.

The big bruiser, whose life has been a notorious one, by reason of his drunken carousals, will now be the hero of the hour and will receive ovations everywhere. Such honors are more of a disgrace than anything else.

It is a pity the authorities could not have prevented the fight, but now that it has occurred, punishment, swift and severe, should be visited upon the heads of all who took any part in it, as such affairs only lower morals and cultivate in the young the lowest and most depraved tastes.

RESORTS TO HOPE.

Prof. L. B. Williams, of Angola, Commits Suicide.

Prof. L. B. Williams, a prominent man of Steuben county, committed suicide last Saturday by hanging. He was a graduate of Ann Arbor university, a noted teacher for twenty-five years, and was county treasurer for two terms. The death of a daughter and ill-health brought on melancholia, ending in self-murder.

WARM WEATHER SERVICES.

The Sermons Yesterday of Some of Our City Pastors Mentioned Briefly.

The churches were not attended yesterday as well as is usual in this city on the Sabbath day. The warm weather kept many away both at the morning and evening services and many of the pastors had small congregations.

Pastor Northrop spoke in the evening at the Baptist church on "Brotherly Love in Fort Wayne," and it was an excellent sermon.

The services at the city department of the Young Men's Christian association in the afternoon were conducted by President Herrick, of the Methodist college, while those at the railroad department were led by Dr. Ferguson.

Rev. T. Arthur Frey, the new temporary pastor of the Congregational church, occupied the pulpit at that sanctuary and delivered splendid discourses.

Rev. Sims, the pastor of the Congregational church, preached in the morning on the subject, "Infidelity Unreasonable," and made some magnificent and telling arguments for the cause of Christianity.

Rev. Wm. McKee, of Dayton, Ohio, was in the pulpit at the United Brethren church and at both services, we are told, delivered eloquent and interesting services.

Rev. Dr. Barns and Rev. J. M. Boggs spoke on national topics in the morning at their places of worship and in the evening, at the Grace church, Rev. A. K. Zartman talked about "Our Nation's Birthday." Their sermons teemed with eloquence and patriotic thoughts and were grand efforts.

FREIGHT AGENT'S ASSOCIATION.

The Second Annual Convention Convenes To-morrow at Buffalo.

The second annual convention of the Local Freight Agent's association begins to-morrow at the Genesee hotel, Buffalo, N. Y. Those attending from this city will be R. B. Rossington, C. H. Newton, E. S. Philley, H. C. Moderwell and F. N. Kollock.

The latter gentleman is chairman of the executive committee.

The following topics will be discussed at the convention.

1. Cost of transfer of various kinds of freight, at various terminals.
2. Is it cheaper to use your own labor, or contract for transfer freight.
3. Is it cheaper to handle freight on wide or narrow platforms, and inside or outside tracks.
4. What constitutes the delivery of car load freight to connecting lines.
5. What is the best method of making deliveries of car load freight to private sidings and getting a receipt for the same.

And other subjects which may present themselves.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

The Huntington daily papers have this personal gossip about Fort Wayne people: "Henry Allgeir and family, of Fort Wayne, were the guests of Grandpa Nick Fisher last week.—B. Lehman, of Cincinnati, and B. Rothschild, of Fort Wayne, brother-in-law of Leopold Levy, visited him Friday.—Frank Noll, of Fort Wayne, was in the city last week.—Misses Maggie and Annie Carroll, of Fort Wayne, who have been visiting Emma Ward, have returned home.—Chas. Brauntmyer and wife, of Fort Wayne, were the guests of Dan Schepper and family last week.—Miss Mollie Gemmer, of Fort Wayne, has returned after visiting friends here.

THE second period of the earth's existence, which is to end with the going out of the sun's light, will terminate in about 13,000 years. We speak of this matter in time so that our friends may get in their hay.

A BIG COMPROMISE.

Thornton J. Fleming of This City, Considers a Proposition from the Michigan Central.

Some time ago Mr. Thornton J. Fleming, who conducts a business at Kiser's old stand, entered suit against the Michigan Central railroad for the accidental death of his mother at Detroit through the carelessness of one of the company's employes. Mr. Fleming is administrator of the estate. He now has under consideration a proposition from the Michigan Central folks to the effect that they are willing to settle for $4,000 clean cash.

Don' Give up the Ship.

You have been told that consumption is incurable; that when the lungs are attacked by this terrible malady, the sufferer is past all help, and the end is a mere question of time. You have noted with alarm the unmistakable symptons of the disease; you have tried all manner of so-called cures in vain, and you are now despondent and preparing for the worst. But don't give up the ship while Dr. Pierce's Golden Medical Discovery remains untried. It is not a cure-all, nor will it perform miracles, but it has cured thousands of cases of consumption, in its earlier stages, where all other means had failed. Try it, and obtain a new lease of life.

Mr. F. J. Smith, editor of the Fort Abercrombie, Dak., *Herald*, says: "The most wonderful medicine I have ever met with, is Chamberlain's Colic, Cholera and Diarrhoea Remedy. In case of colic it gives speedy relief. On hunting trips I have found it indispensible. Put in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces. I could not feel safe without it in my house." 25 and 50 cent bottles for sale by George H. Loesch and Fred Hoham.

Catarrh Cured.

Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe ree of charge. O13deod4m-weow15t

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

TIPS FROM THE BUSY CENTERS.

The News of the Day as Gathered Around the Railroads and Manufactories of the City.

Passenger Agent R. G. Thompson, of the Wabash, has returned from Detroit.

The Wabash road will not run any excursions to Niagara Falls this season, so it states.

President J. H. Bass, of the Bass Foundry and Machine works, went to St. Louis this morning.

The building of the new platform at the Pittsburg depot is rapidly progressing and will be completed in a few days.

The Sullivan-Kilrain fight was all the topic of conversation in the shops this morning, and news of a personal character seemed to have been lost sight of altogether.

Vint O'Donald, has resigned his position with the Wabash Western at Moberly, Mo., and has returned to Peru, where he has been appointed claim agent of the Wabash.

Will Morris, the newly appointed superintendent of motive power and rolling stock of the C. & W. M., D. L. & N., and S. V. & St. L., roads, enters on the duties of his new position July 10.

An official circular from the headquarters of the Railway Engineers' brotherhood, announces a meeting of the western engineers to be held in Kansas City, July 25. The object of the meeting is to devise ways and means to improve the order in the west.

The earnings of the Wabash railway for the third week in June show an increase of $19,668.67 as compared with the corresponding period last year. For the month of June they show an increase of $49,349.64 and for the six months ending June 20, an increase of $124,260.51.

J. F. Howey has been promoted from the position of timekeeper at the Pittsburg car shops to that of clerk of the machine shops under Foreman Barney Fitzpatrick. Mr. Howey is a young man of splendid clerical abilities and has a bright future before him in the railroad field. He entered upon his new duties this morning.

Tom Golden will probably be promoted to the position as timekeeper at the Pittsburg car shops, made vacant by the advancement of I. F. Howey. Mr. Golden has been with the works as a clerk for some time and is a capable and pleasant young man. He would fill the position in a creditable manner and give good service to the company.

The largest steam engine in the world is that constructed for the new Italian cruiser Sardegna. It really consists of four triple expansion engines which can be used together or separately, as desired, the entire combination being capable of developing a force of 22,000 nominal, or 25,000 actual horse power. The ship is driven by twin screws.

The news from Chicago that the Pittsburg, Fort Wayne and Chicago railroad would meet the Baltimore and Ohio cut on grain has been confirmed by Charles L. Cole, general freight agent of the Pennsylvania company. Mr. Cole says the rate will go into effect to-day. He is of the opinion that the other roads will also reduce the grain rate between Chicago and New York.

There will be nearly five hundred persons in attendance at the annual convention of traveling passenger agents at Mackinac Island this week. About two hundred and fifty agents have signified their intention of being present, and nearly all will have one or more ladies in their company. A grand time is looked forward to and an elaborate program for the entertainment of the agents has been prepared.

The final agreement between the creditors of the American Midland railroad and the company was finally consummated on Wednesday last. All that remains now is to finish laying the rails and the ties from Ottawa and the Toledo, St. Louis and Kansas City railroad. The company is having considerable trouble getting the right of way across the fair grounds at Findlay that is delaying the work at that end. There is plenty of time to complete the work specified by September 1, but the company should begin to get a move on it in that direction pretty soon.

In speaking of the meeting of the freight agents held in this city last week the Grand Rapids *Democrat* has this in its yesterday's issue: "E. C. Leavenworth, acting general freight agent of the Grand Rapids and Indiana returned from the Fort Wayne meeting of freight agents Wednesday night. Speaking of his trip he said: 'Half a dozen of us representing as many railroad, held a two day's session in the parlors of the Railroad Y. M. C. A. building, Tuesday and Wednesday.' There were no important changes made in freight tariffs, the meeting being simply for the comparison and checking up of freight rates, and regulating any little discrepancies that might be discovered, so as to give a uniform rate on all the roads.'"

THE WABASH DIVISION POINTS.

The following official circular has been received in this city, giving further information of the Wabash changes,

Toledo to Tilton, Clymers to Detroit and Covington branch, east division; G. W. Stevens; headquarters at Peru.

All divisions in Illinois, J. S. Goodrich, middle division, headquarters at Chicago.

All lines west of Mississippi river. F. H. McGuigan; headquarters at Kansas City; western division.

The many remarkable cures Hood's Sarsaparilla accomplishes are sufficient proof that it does possess peculiar curative powers.

A. J. DREXEL, the banker, is about to found an industrial college for women at Wayne, Pa., at a cost of $1,500,000.

Made Like Tea.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

MRS. GROUNDWATER, the new police judge at Cottonwood Falls, began her administration by fining a plain drunk $5 and costs. On the same day she set a hen, made two gingham aprons, and returned five calls.

It is Abominable

to go through life with "snags" in the mouth. Abominable not more to the sufferer than his friends. Buy SOZODONT and cleanse the teeth which remain, or, better still, use it now and save your teeth. SOZODONT is economical.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Jan-27-1y

Let us give the readers of THE SENTINEL a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery, and diarrhœa. The only safe way to combat these diseases, is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhœa Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by George H. Loesch and Fred Hoham.

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

Our little girl when but three weeks old broke out with eczema. We tried the prescription from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone, her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a robust healthy child. I feel it but my duty to make this statement. H. T. SHOBE, Rich Hill, Mo.

A DEPLORABLE CASE.

Mrs. George Collins, of Aboite Township, Goes Violently Insane.

Last Friday afternoon the estimable wife of Mr. George Collins, a farmer of Aboite township, exhibited signs of insanity.

Later violent symptoms developed and the woman tried to cut her husband's throat with a razor.

Yesterday she was brought to the city by Sheriff Viberg and placed in the county jail. This afternoon a commission in lunacy, consisting of 'Squires Hays and Tancey and Dr. McCullough, declared the woman insane and she will be taken to the asylum.

To the Editor of THE SENTINEL:

The announcements on last Monday that the Woman's Relief Corps would serve dinner, and that the president, Dr. M. L. Holloway would read the Declaration of Independence, at Vordermark's grove on the Fourth of July, were unauthorized, as that organization had unanimously decided to take no part whatever in the celebration.

The unlawful beer-selling and other disgraceful conduct which characterized the proceedings of that occasions clearly vindicates their action.

SORT OF MIXED!

But it Seems Certain the Boston Boy May Won the Fight—The Bulletins Received.

The interest centered in the Sullivan-Kilrain fight to-day and THE SENTINEL'S bulletins concerning the mill, which were posted in front of the office, were read by thousands. They commenced coming over our own wire at 8 a. m. and continued until late in the afternoon.

NEW ORLEANS, July 8.—The ground selected for the fight is Richburg, Miss. The men will enter the ring at 7 a. m. The place is one hundred and three miles from here. Owing to discourteous treatment by the management of the fight, the Western Union Telegraph company has abandoned its intention of giving special facilities for telegraphing from the battle field. The management has treated the press very shabbily and the leading papers and the press associations have been compelled to pay large prices for tickets.

Reports of the fight will have to be filed at New Orleans and will be considerably delayed in consequence. The Telegraph company made every effort to give the press and the sporting people good service, but the managers of the fight would not co-operate in the effort.

LEAVING FOR THE FIGHT.

Two excursion trains left the Queen and Crescent depot during the night for the battle ground selected for the fight. The first train left at 1 o'clock and the second shortly after 2. Both were crowded with holders of tickets for seats at the ring. Both trains were scheduled to reach Richburg by 5 a. m. The crowd about the depot was quiet and orderly.

GOVERNOR LOWRY'S ACTION.

JACKSON, Miss., July 8.—Governor Lowry last night telegraphed the sheriff of Nicholson, authorizing him to obstruct the railroad tracks if necessary, to prevent the prize fighters from coming into Mississippi to fight. It is thought that the instructions were too late to stop the train carrying Sullivan and Kilrain, but may interfere with ticket holders who are traveling on later trains.

RICHBURG, Miss., July 8.—The special trains arrived at the battleground without special incidents. Donnelly, the murderer, who escaped from New Orleans a year ago, was arrested on one of the trains by Chief Hennessy. Scores of persons rode on the trucks and on top of the cars and many were put off at the point of the pistol.

BULLETINS.

It seems certain that Sullivan has won the fight, but here are the bulletins and our readers can judge for themselves:

BALTIMORE, Md., July 8.—The *American's* special correspondent at Richburg telegraphs that Sullivan won the fight, knocking Kilrain out in the eighth round.

NEW YORK, July 8.—Private advices just received confirm the Baltimore *American's* special stating that Sullivan whipped Kilrain in eight rounds.

NEW ORLEANS, July 8.—The excursion with the fighters and their friends is expected back in this city about 11 o'clock.

ALBANY, N. Y., July 8.—The Western Union Telegraph company in this city have received a dispatch by way of Boston, confirming the report that Kilrain was knocked out in the eighth round. It was sent by a man who rode on horseback to the nearest telegraph station from the scene of the fight immediately after the battle.

BALTIMORE, Md., July 8.—It is now thought that the special to the *American* announcing Sullivan's victory was sent by New Orleans gamblers to influence betting.

CINCINNATI, O., July 8.—A private dispatch received here states that the sheriff has arrested the fighters in Mississippi and will not allow them to return to Louisiana.

RICHBURG, Miss., July 8.—The train arrived here at 5:30, a. m. Up to 9:30 the man had not entered the ring.

CINCINNATI, O., July 8.—It is reported here from a reliable source that Sullivan and Kilrain were fighting at 11:45 a. m. The contest was a long one and Sullivan was having the best of it, and that he was sure to win.

CINCINNATI, O., July 8.—The fight lasted from 10 a. m. till 1 p. m. Sullivan won the battle.

ST. PAUL, Minn., July 8.—The St. Paul *Minnesotian* has just issued a bulletin saying Kilrain won the fight. Sullivan men are holding the wire so that they can hedge on their bets.

NEW ORLEANS, July 8.—It is reported that Sullivan won in the seventy-second round. The fight ended at 1 p. m.

WASHINGTON, July 8.—A private dispatch dated 3 o'clock, from Richburg, received here at 5 p. m., says that the fight had just begun.

The account of the fight, as it will be given by the press correspondents on the scene, has been delayed for some reason and at the hour of going to press it had not been received at this office.

THE SENTINEL'S United Press representative is on the scene however, and if further particulars are received a second edition of the paper will be published.

THE NEWS AT BOSTON.

BOSTON, Mass., July 8.—Newspaper Row has been packed with humanity this forenoon and the interest in the bulletins from the prize ring has been much greater than that displayed on the night of the prohibition election and equal to that of many of the state elections.

When a bulletin giving the report that Sullivan had won was displayed from the bulletin board, the vast crowd swung their hats, jumped into the air and cheered. Sullivan's father, who appeared on the scene, was followed by a yelling crowd and cheered loudly. When he finally took a car for his home in the Highlands a crowd of men and boys followed him on a dog trot for some distance shouting and cheering.

Quite a crowd hovered about the Columbia street show window of Meyer Bro.'s to-day. Bulletins were posted frequently with these attractive headlines: "The Latest," supposed to be the latest from the Sullivan-Kilrain fight of course. It proved to be an advertising dodge for insect powder. The scheme was concocted by Mr. Chas. Freese.

AN INFANT DESERTED.

The Wife of a Fort Wayne Traveling Man Leaves Her Infant Under a Tree.

The Cincinnati *Enquirer* of to-day publishes the following:

RICHMOND, Ind., July 8.—About midnight Dr. Newton, a retired dentist, found a crying babe under a tree in his yard. It was well dressed, perfectly healthy and fat, and quite astonished the venerable doctor and his wife.

Sergeant Corrington, of the police force, was sent for and took the youngster to the Home of the Friendless. The child is a girl, and proves to have been delivered last Monday morning by Dr. Sulburn at a private boarding house. The mother gave her name as Mrs. Russell Stanley, aged twenty-three, maiden name Austin. She said she was from Decatur, Ind., and her husband, a boyish-looking fellow, travels for a Fort Wayne firm.

The husband was not here when the babe was born, but showed up Tuesday. The parties disappeared last night, disposing of their offspring as above. The mother is a voluptuous and refined looking woman with auburn hair. She has been here six or eight weeks, and was visited off and on by the man in the case.

THE CRONIN CASE.

A Movement Made to Hasten the Extradition of Burke.

CHICAGO, July 8.—Mr. Carlson, sr., left for Winnipeg yesterday, accompanied by Detective George Hoyt, of the Chicago Avenue station. They will arrive at their destination Tuesday morning. Mr. Carlson goes to Winnipeg to assist in the extradition of Martin Burke.

This move on the part of the police is said to indicate that the Canadian end of the Cronin case is weak. Martenson, the expressman has already appeared before Judge Bain and identified Martin Burke as the man who hired him to move the furniture from the Cirrk street rooms to the Carlson cottage. Carlson is wanted to identify Burke as one of the Williams brothers who rented the cottage and paid the rent. The police hope that this identification will materially assist the authorities in extraditing Burke.

Judge Longnecker has no fears in regard to Burke's extradition and says that he will be brought back to Chicago and hanged just as sure as he had a hand in the assassination of Dr. Cronin.

The judge, in speaking about the dispatches from Winnipeg to the effect that the Chicago legal end had been handled in a bungling manner, declares that more than enough evidence has been furnished the Canadian authorities, and he regards their action in requiring more verbal evidence as somewhat singular.

"The case should have been disposed of in two days," said the state's attorney to-day, "and all this red tape is something I don't understand. It has never on any previous occasion been required to have witnesses appear before the court in the dominion. Depositions have always covered the cases."

Attorneys for John F. Beggs this morning presented in Judge Tulley's court an amended petition on behalf of Mr. Beggs, the lawyer indicted for complicity in the murder of Dr. Cronin, asking that he be admitted to bail. A petition similar in all respects, except that it asked for Beggs' absolute release instead of his admission to bail, was presented on Saturday and was denied. Judge Tulley postponed hearing argument on the petition until to-morrow at 10 o'clock.

REDWOOD FALLS, Minn., July 8.—A fire here at 3 o'clock yesterday afternoon started in the livery barn of J. W. McGettrick and destroyed it and the Commercial hotel sample room and stable and Anderson's photograph gallery. MONDAY, JULY 8, 1889.

THOMAS JEFFERSON said: "Were it left to me to decide whether we should have a government without newspapers or newspapers without a government, I should not hesitate a moment to prefer the latter." Mr. Jefferson was a discerning man, and knew what he was talking about.

MISS MARY WANNAMAKER, the postmaster-general's daughter, will make her debut in Washington society next fall. She is not yet out of her teens, but is an accomplished girl of considerable beauty. She has had the training of an excellent education and is skilled in music and languages.

THERE are some Waterloo men alive in England still. The most distinguished is the Earl of Albemarle, who was a subaltern at Waterloo, and is now hale and hearty at ninety. The queen sent him a bouquet of roses Waterloo day. The earl is the writer of a very interesting book, full of the recollections of a long and busy career.

On the first of July an important change in the method of making payment on claims for reimbursement on account of the last sickness and burial of deceased pensioners went into effect. These claims will, as heretofore, be filed with the third auditor if in an army pension case, or with the fourth auditor if in a navy case, and the claims will be considered and the amount to be paid will be determined by said auditor. The settlements will then be forwarded by the commissioner of pensions to the pension agent, on whose rolls the deceased pensioner was paid, and the pension agent will thereupon draw his official check found due, and mail it to the address of the person who paid such expenses. Heretofore these settlements have been paid by draft direct from the treasury.

ASSISTANT SECRETARY OF THE INTERIOR BUSSEY has rendered a decision reversing the action of the pension office in rejecting the claim of Mary, mother of Stephen Nobbs, late private in company K, Twelfth Pennsylvania cavalry. His mother claims she was in part dependent upon the deceased son for support, because of the poor health of her husband. Mr. Bussey discusses the meaning of the phrase "adequate means of support" as applied to cases arising under the pension laws and says he believes that it was intended to mean a reasonably comfortable support. It is not believed, he says, that congress intended to provide a luxurious competence for any dependent relative of a deceased soldier, nor, on the other hand to restrict its benefactions to the bare necessities of life.

THERE will be a great deal said and printed about the four new states before long, and it will be interesting to many to know that the constitutions to be adopted by the conventions will be submitted to the approval of the people of the respective territories on the first Tuesday of October next, and on the same day state officers will be chosen, as well as representatives and senators in congress. Thereupon, the president having been notified that a majority of the people of each of the four territories have ratified the constitution presented to them, he will issue a proclamation formally announcing the admission of the new states to the federal union. To the next congress Washington, North Dakota, South Dakota, and Montana will together send eight senators and five representatives, two of the latter being furnished by South Dakota. The aggregate area of the added commonwealths is 400,000 square miles, which is larger than that of the thirteen original states, and their combined population is about 1,000,000 souls.

THE SULLIVAN-KILRAIN FIGHT.

THE SENTINEL to-day gives the full particulars of the Sullivan-Kilrain prize-fight, which took place at an early hour this morning in Mississippi. Sullivan was an easy winner, and after eight brutal rounds, was awarded the belt.

The big brunner, whose life has been a notorious one, by reason of his drunken carousals, will now be the hero of the hour and will receive ovations everywhere. Such honors are more of a disgrace than anything else.

It is a pity the authorities could not have prevented the fight, but now that it has occurred, punishment, swift and severe, should be visited upon the heads of all who took any part in it, as such affairs only lower morals and cultivate in the young the lowest and most depraved tastes.

RESORTS TO ROPE.

Prof. L. B. Williams, of Angola, Commits Suicide.

Prof. L. B. Williams, a prominent man of Steuben county, committed suicide last Saturday by hanging. He was a graduate of Ann Arbor university, a noted teacher for twenty-five years, and was county treasurer for two terms. The death of a daughter and ill-health brought on melancholia, ending in self-murder.

WARM WEATHER SERVICES.

The Sermons Yesterday of Some of Our City Pastors Mentioned Briefly.

The churches were not attended yesterday as well as is usual in this city on the Sabbath day. The warm weather kept many away both at the morning and evening services and many of the pastors had small congregations.

Pastor Northrop spoke in the evening at the Baptist church on "Brotherly Love in Fort Wayne," and it was an excellent sermon.

The services at the city department of the Young Men's Christian association in the afternoon were conducted by President Herrick, of the Methodist college, while those at the railroad department were led by Dr. Ferguson.

Rev. T. Arthur Frey, the new temporary pastor of the Congregational church, occupied the pulpit at that sanctuary and delivered splendid discourses.

Rev. Sims, the pastor of the Congregational church, preached in the morning on the subject, "Infidelity Unreasonable," and made some magnificent and telling arguments for the cause of Christianity.

Rev. Wm. McKee, of Dayton, Ohio, was in the pulpit at the United Brethren church and at both services, we are told, delivered eloquent and interesting services.

Rev. Dr. Barns and Rev. J. M. Boggs spoke on national topics in the morning at their places of worship and in the evening, at the Grace church, Rev. A. K. Zartman talked about "Our Nation's Birthday." Their sermons teemed with eloquence and patriotic thoughts and were grand efforts.

FREIGHT AGENT'S ASSOCIATION.

The Second Annual Convention Commences Tomorrow at Buffalo.

The second annual convention of the Local Freight Agent's association begins to-morrow at the Genesee hotel, Buffalo, N. Y. Those attending from this city will be R. B. Rossington, C. H. Newton, E. S. Philley, H. C. Muldervail and F. N. Kollock.

The latter gentleman is chairman of the executive committee.

The following topics will be discussed at the convention.

1. Cost of transfer of various kinds of freight, at various terminals.

2. Is it cheaper to use your own labor, or contract for transfer freight.

3. Is it cheaper to handle freight on wide or narrow platforms, and inside or outside tracks.

4. What constitutes the delivery of car load freight to connecting lines.

5. What is the best method of making deliveries of car load freight to private sidings and getting a receipt for the same.

And other subjects which may present themselves.

IT WON'T BARE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

The Huntington daily papers have this personal gossip about Fort Wayne people: "Henry Allgair and family, of Fort Wayne, were the guests of Grandpa Nick Fisher last week.—B. Lehman, of Cincinnati, and B. A BIG COMPROMISE.

Thornton J. Fleming of This City, Considers a Proposition from the Michigan Central.

Don' Give up the Ship.

You have been told that consumption is incurable; that when the lungs are attacked by this terrible malady, the sufferer is past all help, and the end is a mere question of time. You have noted with alarm the unmistakable symptoms of the disease; you have tried all manner of so-called cures in vain, and you are now despondent and preparing for the worst. But don't give up the ship while Dr. Pierce's Golden Medical Discovery remains untried. It is not a cure-all, nor will it perform miracles, but it has cured thousands of cases of consumption, in its earlier stages, where all other means had failed. Try it, and obtain a new lease of life.

Mr. F. J. Smith, editor of the Fort Abercrombie, Dak., *Herald*, says: "The most wonderful medicine I have ever met with, is Chamberlain's Colic, Cholera and Diarrhoea Remedy. In case of colic it gives speedy relief. On hunting trips I have found it indispensible. Put in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces. I could not feel safe without it in my house." 25 and 50 cent bottles for sale by George H. Loesch and Fred Hoham.

TAR-OID

NATURE HAS NO

Wounds, Burns,

Sores, Piles,

Salt Rheum,

Eczema, and

BETTER REMEDY

Coughs, Croup,

Scrofula, Ulcers,

Varicose Veins,

Bronchitis, and

Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that their success depends on the presence of Tar in their crude state. They have their virtues, but they are caused by impure blood, which is not true. They have their action, based on a want of vital action in the skin. TAR-OID restores this action, hence it cures every form of Skin Disease, Sore, Burn, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

FIFTH POINT

You should read THE CHRONICLE, Daily News because it's a *family newspaper*. This is an age when everybody reads, and the paper you bring into your family should have something of value for all. The special interests of women are never overlooked in THE DAILY NEWS. And then you don't want to bring sensational matter into your family. You don't want to put indecent or improper reading into the hands of your children. You will never make a mistake on this score if you take THE DAILY NEWS. The newspapers are the great educators of this nation. Be careful of the influences in the purity of its firesides.

Remember—Its circulation is 20,000 a day—over a million a week—and it can be had only at 2 cents, for 10 cents for *seven days* or *one cent a day*.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

TIPS FROM THE BUSY CENTERS.

The News of the Day as Gathered Around the Railroads and Manufactories of the City.

Passenger Agent R. G. Thompson, of the Wabash, has returned from Detroit.

The Wabash road will not run any excursions to Niagara Falls this season, so it states.

President J. H. Bass, of the Bass Foundry and Machine works, went to St. Louis this morning.

The building of the new platform at the Pittsburg depot is rapidly progressing and will be completed in a few days.

The Sullivan-Kilrain fight was all the topic of conversation in the shops this morning, and news of a personal character seemed to have been lost sight of altogether.

Vint O'Donald, has resigned his position with the Wabash Western at Moberly, Mo., and has returned to Peru, where he has been appointed claim agent of the Wabash.

Will Morris, the newly appointed superintendent of motive power and rolling stock of the C. & W. M., D. L. & N., and S. V. & St. L., roads, enters on the duties of his new position July 10.

An official circular from the headquarters of the Railway Engineers' brotherhood, announces a meeting of the western engineers to be held in Kansas City, July 25. The object of the meeting is to devise ways and means to improve the order in the west.

The earnings of the Wabash railway for the third week in June show an increase of $19,668.67 as compared with the corresponding period last year. For the month of June they show an increase of $49,349.64 and for the six months ending June 20, an increase of $124,260.51.

J. F. Howey has been promoted from the position of timekeeper at the Pittsburg car shops to that of clerk of the machine shops under Foreman Barney Fitzpatrick. Mr. Howey is a young man of splendid clerical abilities and has a bright future before him in the railroad field. He entered upon his new duties this morning.

Tom Golden will probably be promoted to the position as timekeeper at the Pittsburg car shops, made vacant by the advancement of I. F. Howey. Mr. Golden has been with the works as a clerk for some time and is a capable and pleasant young man. He would fill the position in a creditable manner and give good service to the company.

The largest steam engine in the world is that constructed for the new Italian cruiser Sardegna. It really consists of four triple expansion engines which can be used together or separately, as desired, the entire combination being capable of developing a force of 22,000 nominal, or 25,000 actual horse power. The ship is driven by twin screws.

The news from Chicago that the Pittsburg, Fort Wayne and Chicago railroad would meet the Baltimore and Ohio cut on grain has been confirmed by Charles L. Cole, general freight agent of the Pennsylvania company. Mr. Cole says the rate will go into effect to-day. He is of the opinion that the other roads will also reduce the grain rate between Chicago and New York.

There will be nearly five hundred persons in attendance at the annual convention of traveling passenger agents at Mackinac Island this week. About two hundred and fifty agents have signified their intention of being present, and nearly all will have one or more ladies in their company. A grand time is looked for ward to and an elaborate program for the entertainment of the agents has been prepared.

The final agreement between the creditors of the American Midland railroad and the company was finally consummated on Wednesday last. All that remains now is to finish laying the rails and the ties from Ottawa and the Toledo, St. Louis and Kansas City railroad. The company is having considerable trouble getting the right of way across the fair grounds at Findlay that is delaying the work at that end. There is plenty of time to complete the work specified by September 1, but the company should begin to get a move on it in that direction pretty soon.

In speaking of the meeting of the freight agents held in this city last week the Grand Rapids *Democrat* has this in its yesterday's issue: "H. C. Leavenworth, acting general freight agent of the Grand Rapids and Indiana returned from the Fort Wayne meeting of freight agents Wednesday night. Speaking of his trip he said; 'Half a dozen of us representing as many railroad, held a two day's session in the parlors of the Railroad Y. M. C. A. building, Tuesday and Wednesday. There were no important changes made in freight tariffs, the meeting being simply for the comparison and checking up of freight rates, and regulating any little discrepancies that might be discovered, so as to given uniform rate on all the roads.'"

THE WABASH DIVISION POINTS.

The following official circular has been received in this city, giving further information of the Wabash changes,

Toledo to Tilton, Clymers to Detroit and Covington branch, east division; G. W. Stevens; headquarters at Peru.

All divisions in Illinois, J. S. Goodrich, middle division, headquarters at Chicago.

All lines west of Mississippi river. F. H. McGuigan; headquarters at Kansas City; western division.

The many remarkable cures Hood's Sarsaparilla accomplishes are sufficient proof that it does possess peculiar curative powers.

A. J. Drexel, the banker, is about to found an industrial college for women at Wayne, Pa., at a cost of $1,500,000.

Made Like Tea.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this great family medicine. Large size package 50c.

Mrs. Groundwater, the new police judge at Cottonwood Falls, began her administration by fining a plain drunk $5 and costs. On the same day she set a hen, made two gingham aprons, and returned five calls.

It is Abominable

to go through life with "snags" in the mouth. Abominable not more to the sufferer than his friends. Buy SOZODONT and cleanse the teeth which remain, or, better still, use it now and save your teeth. SOZODONT is economical.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Jan-27-1y

Let us give the readers of The Sentinel a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery, and diarrhœa. The only safe way to combat those diseases, is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhœa Remedy will admit that it is the most prompt, reliable and successful medicine known for those complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by George H. Loesch and Fred Hohaus.

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

S. S. S.

Our little girl when but three weeks old broke out with eczema. We tried the prescription from one of our physicians, but without any special benefit. We tried S. S. S., and by the time one bottle was gone, her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a perfect healthy child. It is a pleasure to make this statement. H. T. SHOUP, Rich Hill, Mo.

To the Editor of THE SENTINEL:

The announcements on last Monday that the Woman's Relief Corps would serve dinner, and that the president, Dr. M. L. Holloway would read the Declaration of Independence, at Vordermark's grove on the Fourth of July, were unauthorized, as that organization had unanimously decided to take no part whatever in the celebration.

The unlawful beer-selling and other disgraceful conduct which characterized the proceedings of that occasions clearly vindicates their action.
